

# SIFLON

Drugs & Pharmaceuticals Pvt. Ltd.

*Quality is our strength*

## PRODUCT PROFILE

"The greatness of a nation can be judged by the way its animals are treated".

## ABOUT US

Founded in 1996 by Mr. R.Ananthaiah, as a small scale PTFE component manufacturing industry, we've gradually diversified into different sectors. Today, our operations span 5 major areas: Manufacture of Veterinary APIs (Siflon Drugs), Veterinary Formulations (Siflon Drugs & Pharmaceuticals Pvt. Ltd.), Veterinary Pharmaceutical Franchisee Outlets (Siflon Vet Pharma), PTFE components (Siflon Polymers), Reactors (Siflon Engineering) and Aloevera products (Aloewell Herbals).

Backward and forward integration has been the key to diversify into different sectors. The founder being a chemical engineer, always had a zeal to establish chemical industry and started Siflon Drugs for the manufacture of veterinary APIs. The company pursued a strategy of backward integration – in reactor, PTFE lined components manufacturing and forward integration – in veterinary formulations and franchisee outlets to market the veterinary medicines.

The Quality and Commitment are the pillars of our company. Our company's motto is 'Quality is our strength' and we believe that it had been the promising reason for the company's progress. Thus, At Siflon, **QUALITY** comes first.

Though our company established in different sectors, the main focus had always been on the manufacture of APIs. The existing manufacturing capacity of our industry is 350 tons of APIs per annum. We are planning for expansion at new premises, with an estimated manufacturing capacity of 1000 tons of APIs per annum.

# SIFLON DRUGS & PHARMACEUTICALS

**SIFLON DRUGS & PHARMACEUTICALS PVT LTD**, a subsidiary of Siflon Group, started in the year 2006 with a vision to provide good quality animal healthcare products. We offer a variety of products with regards to animal health, especially for farm animals such as sheep, goat, cattle and swine. We provide an outstanding technical support and service to animal farmers as well as their veterinarians in India, to ensure the safety and improve the quality and productivity of their livestock.

Our goal is to become one of the most reliable companies with regards to the veterinary formulations. We want to be known as a company that is furthering animal health, with good quality products at affordable prices. Our company is in the process of launching new products to strengthen our portfolio and establish a base to launch our products in different countries. We aspire to develop new products and medicines that will address significant unmet medical needs of both companion and farm animals.

## PRODUCTS AT GLANCE

## LIQUID ORALS

### Albendazole Suspension

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each ml contains Albendazole 25 mg
<b>Indications:</b>	It is an intestinal anthelmintic, for the treatment of roundworms, tapeworms and liver flukes on cattle, buffaloes, sheep, goats, pigs & poultry.
<b>Volume:</b>	50ml, 100ml, 500ml, 1000ml

### Albendazole & Levamisole HCl Suspension

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each ml contains Albendazole 20 mg Levamisole Hcl 15 mg
<b>Indications:</b>	It is an intestinal anthelmintic, for the treatment of roundworms, tapeworms and liver flukes on cattle, buffaloes, sheep, goats, pigs & poultry.
<b>Volume:</b>	100ml, 250ml, 500ml, 1000ml

### Albendazole & Niclosamide Suspension

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each ml contains Albendazole 30 mg Niclosamide 100 mg
<b>Indications:</b>	It is an intestinal anthelmintic, for the treatment of roundworms, tapeworms, rumen flukes and liver flukes on Cattle, Sheep, Goats, poultry & pig.
<b>Volume:</b>	250ml, 500ml, 1000ml

### Albendazole & Oxylozanide Suspension

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each ml contains Albendazole 25 mg Oxylozanide 25 mg
<b>Indications:</b>	It is an anthelmintic, for the treatment of liver flukes and other worms on Cattle, Sheep & Goats.
<b>Volume:</b>	100ml, 250ml, 500ml, 1000ml

## LIQUID ORALS

### Albendazole & Rafoxanide Suspension

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each ml contains Albendazole 25 mg Rafoxanide 22.7 mg
<b>Indications:</b>	It is an anthelmintic, for the treatment of liver flukes, amphistomes and other worms on Cattle, Sheep & Goats.
<b>Volume:</b>	100ml, 250ml, 500ml, 1000ml

### Albendazole & Tetramisole HCl Suspension

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each ml contains Albendazole 20 mg Tetramisole HCl 15 mg
<b>Indications:</b>	It is an anthelmintic, for the treatment of liver flukes, other worms and gastrointestinal nematodes on Cattle, Sheep & Goats.
<b>Volume:</b>	100ml, 250ml, 500ml, 1000ml

### Closantel Solution

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each ml contains Closantel 50 mg, 150 mg
<b>Indications:</b>	It is an anthelmintic, for the treatment of flukes, round worms and myiasis on Cattle, Sheep & Goats.
<b>Volume:</b>	50ml, 100ml, 250ml, 500ml, 1000ml

### Enrofloxacin Solution

<b>Category:</b>	Anti- bacterial
<b>Composition:</b>	Each ml contains Enrofloxacin 100 mg
<b>Indications:</b>	It is an anti- bacterial, for the treatment of mycoplasma infections and bactericidal diseases on Cattle, Goat, Sheep & Poultry.
<b>Volume:</b>	50ml, 100ml, 250ml, 500ml, 1000ml

## LIQUID ORALS

### Enrofloxacin & Bromhexine HCl Solution

<b>Category:</b>	Anti-bacterial
<b>Composition:</b>	Each ml contains Enrofloxacin 200 mg Bromhexine HCl 15 mg
<b>Indications:</b>	It is an anti-bacterial, for the treatment of severe respiratory infection , mycoplasmaosis and coryza on Cattle, Goat & Sheep.
<b>Volume:</b>	50ml, 100ml, 250ml, 500ml, 1000ml

### Fenbendazole Suspension

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each ml contains Fenbendazole 25 mg
<b>Indications:</b>	It is an anthelmintic, for the treatment of gastrointestinal nematodes, tapeworms, lung worms, liver flukes on cattle, buffaloes, sheep, goats, horses & pigs.
<b>Volume:</b>	100ml, 500ml, 1000ml

### Fenbendazole & Praziquantel Suspension

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each ml contains Fenbendazole 15 mg Praziquantel 5 mg
<b>Indications:</b>	It is an anthelmintic, for the treatment of cestodes, trematodes, tapeworms, lung worms, liver flukes in cattle, buffaloes, sheep, goats, horses & pigs
<b>Volume:</b>	500ml, 1000ml

### Ivermectin Solution

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each ml contains Ivermectin 0.8 mg
<b>Indications:</b>	It is an anthelmintic, acts as an antiparasitic agent for gastrointestinal and pulmonary roundworms on cattle, sheep, goats, poultry, pigs and dogs.
<b>Volume:</b>	100ml, 250ml, 500ml, 1000ml

## LIQUID ORALS

### Niclosamide & Levamisole HCl Suspension

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each ml contains Niclosamide 100 mg Levamisole HCl 15 mg
<b>Indications:</b>	It is an anthelmintic, used to treat worm infestations, Parasite drug for fowl and livestock and as a dewormer on cattle, sheep and pigs
<b>Volume:</b>	500ml, 1000ml

### Oxyclozanide Suspension

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each ml contains Oxyclozanide 34 mg
<b>Indications:</b>	It is an anthelmintic, used in the treatment of nematodes, fascioliasis, amphistomes, paramphistomes and tape worms on cattle, buffaloes, sheep and goats.
<b>Volume:</b>	100ml, 500ml, 1000ml

### Oxyclozanide & Albendazole Suspension

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each ml contains Oxyclozanide 250 mg Albendazole 250 mg
<b>Indications:</b>	It is an anthelmintic, treatment of gastrointestinal and lungworm infections on cattle, calves, sheep and goats.
<b>Volume:</b>	1000ml

### Oxyclozanide & Levamisole HCl Suspension

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each ml contains Oxyclozanide 30 mg, 60mg Levamisole HCl 15 mg, 30 mg
<b>Indications:</b>	It is an anthelmintic, treatment of gastrointestinal and lungworm infections on cattle, calves, sheep and goats.
<b>Volume:</b>	100ml, 250ml, 500ml, 1000ml

## LIQUID ORALS

### Oxyclozanide & Tetramisole HCl Suspension

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each ml contains Oxyclozanide 30 mg Tetramisole HCl 15 mg
<b>Indications:</b>	It is an anthelmintic, used in the treatment of nematodes, amphistomes, paramphistomes, tape worms and filariasis on cattle, buffaloes, sheep , goats & horses.
<b>Volume:</b>	Volume: 100ml, 250ml, 500ml, 1000ml

### Praziquantel Suspension

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each ml contains Praziquantel 25 mg
<b>Indications:</b>	It is an anthelmintic, used for the treatment of Fasciola flukes , round worms on Calf, Cattle, Buffaloes, Sheep & Goat.
<b>Volume:</b>	500ml,

### Rafoxanide Suspension

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each ml contains Rafoxanide 30 mg
<b>Indications:</b>	It is an anthelmintic, used for the treatment of Fasciola flukes , round worms on Calf, Cattle, Buffaloes, Sheep & Goat.
<b>Volume:</b>	100ml, 250ml, 500ml, 1000ml

### Rafoxanide & Levamisole HCl Suspension

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each ml contains Rafoxanide 15 mg, 30 mg Levamisole HCl 15 mg, 30 mg
<b>Indications:</b>	It is an anthelmintic, used for the treatment of nematode infection, Fasciola flukes, round worms on Calf, Cattle, Buffaloes, Sheep & Goat.
<b>Volume:</b>	100ml, 250ml, 500ml, 1000ml

## LIQUID ORALS

### Rafoxanide & Ivermectin Suspension

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each ml contains Rafoxanide 30 mg Ivermectin 1 mg
<b>Indications:</b>	It is an anthelmintic, acts as an antiparasitic agent, parasitic worms, roundworms on cattle, sheep, goats, poultry, pigs and dogs.
<b>Volume:</b>	500ml, 1000ml

### Triclabendazole Suspension

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each ml contains Triclabendazole 50 mg
<b>Indications:</b>	It is an anthelmintic, used for flukicide, endoparasites, immature liver flukes, on cattle, sheep, goats.
<b>Volume:</b>	100ml, 250ml, 500ml, 1000ml.

### Triclabendazole & Ivermectin Suspension

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each ml contains Triclabendazole 50 mg Ivermectin 1 mg
<b>Indications:</b>	It is an anthelmintic, used for flukicide, endoparasites, liver flukes, parasitic worms, gastrointestinal and pulmonary roundworms on cattle, sheep, goats and pigs
<b>Volume:</b>	100ml, 250ml, 500ml, 1000ml

### Triclabendazole & Levamisole HCl Suspension

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each ml contains Triclabendazole 50 mg LevamisoleHCl 37.5 mg
<b>Indications:</b>	It is an anthelmintic, used as flukicide, endoparasites, Gastrointestinal, pulmonary roundworms, liver flukes on cattle, sheep, goats, poultry, pigs and dogs.
<b>Volume:</b>	100ml, 250ml, 500ml, 1000ml

## TABLETS/BOLUS

### Albendazole

**Category:****Composition:**

Anthelmintic

Each tablet/bolus contains

Albendazole 150mg; 300mg; 600mg

1500mg; 2500mg; 3000mg

**Indications:**

It is an intestinal anthelmintic, for the treatment of roundworms, tapeworms and liver flukes on cattle, buffaloes, sheep, goats, poultry & pig.

20 x 10's (Tablets), 10 x 4's (Bolus)

**Pack Size :**

### Ciprofloxacin & Tinidazole

**Category:****Composition:**

Anti-bacterial

Each Bolus contains

Ciprofloxacin 1500mg

Tinidazole 1800mg

**Indications:**

It is an anti-bacterial, for the treatment parasitic, protozoal and bacterial infections in cattle, goat and sheep.

20 x 4's

**Pack Size :**

### Closantel

**Category:****Composition:**

Anthelmintic

Each Bolus contains

Closantel 1000 mg

**Indications:**

It is an anthelmintic, for the treatment of flukes, round worms and myiasis on Cattle, Sheep & Goat.

20 x 4's

**Pack Size :**

### Enrofloxacin

**Category:****Composition:**

Anti- bacterial

Each Tablet contains

Enrofloxacin 50 mg, 500 mg

**Indications:**

It is an anti- bacterial, for the treatment of mycoplasma infections and bactericidal diseases on Cattle, Goat & Sheep.

20 x 10's

**Pack Size :**

## TABLETS/BOLUS

### Fenbendazole

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each tablet/bolus contains Fenbendazole 150 mg; 1500mg; 3000mg
<b>Indications:</b>	It is an anthelmintic, for the treatment of gastrointestinal nematodes, tapeworms, lung worms, amphistomes & liver flukes on cattle, buffaloes, sheep, goats & pigs
<b>Pack Size :</b>	10 x 10's, 20 x 4's

### Fenbendazole & Praziquantel

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each tablet contains Fenbendazole 150 mg Praziquantel 50 mg
<b>Indications:</b>	It is an anthelmintic, used for treatment of tapeworms, lung worms, amphistomes & liver flukes on cattle, buffaloes, sheep, goats, pigs
<b>Pack Size :</b>	20 x 10's,

### Fenbendazole, Praziquantel & Pyrantel Pamoate

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each tablet contains Fenbendazole 500 mg Praziquantel 50 mg Pyrantel Pamoate 1 44 mg
<b>Indications:</b>	It is an anthelmintic, used as a treatment of tapeworms, hookworms, roundworms, lung worms on cattle, buffaloes, sheep, goats, pigs & horses.
<b>Pack Size :</b>	20 x 10's

### Furazolidone

<b>Category:</b>	Anti bacterial and Anti protozoal
<b>Composition:</b>	Each tablet contains Furazolidone 200 mg
<b>Indications:</b>	It is an antibacterial, with wide range of antimicrobial activity And acts on salmonids for Myxobolus cerebralis infections in cattle, buffaloes, sheep, goats.
<b>Pack Size :</b>	20 x 10's

## TABLETS/BOLUS

### Ivermectin

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each tablet contains Ivermectin 10 mg
<b>Indications:</b>	It is an anthelmintic, acts against parasitic worms, gastrointestinal and pulmonary roundworms on animals like cattle, sheep, goats, poultry, pigs and dogs.
<b>Pack Size :</b>	20 x 10's

### Levamisole HCl

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each tablet contains Levamisole 150 mg
<b>Indications:</b>	It is an anthelmintic, used for the treatment of nematode infections, Gastrointestinal tract infections in cattle, goat, sheep, poultry, pigs and dogs.
<b>Pack Size :</b>	10 x 10's

### Meloxicam & Paracetamol

<b>Category:</b>	Analgesic and anti-inflammatory
<b>Composition:</b>	Each Bolus contains Meloxicam 100 mg Paracetamol 1500 mg
<b>Indications:</b>	It is an analgesic, anti-inflammatory, for the treatment of acute and chronic inflammation associated with musculoskeletal disease and other minor aches and pains and is a major ingredient in numerous cold and flu remedies.
<b>Pack Size :</b>	20 x 4's

### Metronidazole & Furazolidone

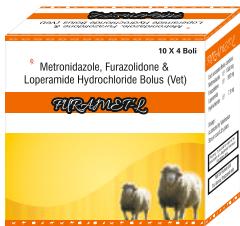

<b>Category:</b>	Anti bacterial and anti protozoal
<b>Composition:</b>	Each Bolus contains Metronidazole 1000 mg Furazolidone 200 mg
<b>Indications:</b>	It is an Anti bacterial & anti protozoal, used in the treatment of diarrhea or enteritis, fever, cholera, protozoal disease and inflammatory bowel disease in cattle, sheep
<b>Pack Size :</b>	20 x 4's

## TABLETS/BOLUS

### Metronidazole, Furazolidone & Loperamide

<b>Category:</b>	Anti bacterial and anti protozoal
<b>Composition:</b>	Each Bolus contains Metronidazole 1000 mg Furazolidone 500 mg Loperamide 7.5 mg
<b>Indications:</b>	It is an Anti bacterial & anti protozoal, used in the treatment of diarrhea or enteritis, fever, cholera, protozoal disease and inflammatory bowel disease in cattle, sheep
<b>Pack Size :</b>	20 x 4's

### Niclosamide

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each Bolus contains Niclosamide 1000mg; 1250 mg
<b>Indications:</b>	It is an anthelmintic, for the treatment of tapeworms, intestinal flukes, tapeworms in sheep, goat, cattle, poultry.
<b>Pack Size :</b>	20 x 4's

### Oxyclozanide

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each Bolus contains Oxyclozanide 1000 mg
<b>Indications:</b>	It is an anthelmintic, used in the treatment of nematodes, fascioliasis, amphistomes, paramphistomes and tape worms on cattle, buffaloes, sheep and goats.
<b>Pack Size :</b>	20 x 4's

### Oxyclozanide & LevamisoleHcl

<b>Category:</b>	Anthelmintic
<b>Composition:</b>	Each Bolus contains Oxyclozanide 1000mg Levamisole HCl 500mg
<b>Indications:</b>	It is an anthelmintic, treatment of gastrointestinal and lungworm infections in cattle, calves, sheep and goats.
<b>Pack Size :</b>	20 x 4's

## TABLETS/BOLUS

### Oxytetracycline HCl

**Category:** Anti-bacterial  
**Composition:** Each Tablet contains Oxytetracycline HCl 500mg  
**Indications:** It is an anti- bacterial, used in the treatment of gram positive and gram negative bacteria and gastro-intestinal infections in poultry, sheep and cattle.  
**Pack Size :** 20 x 10's

### Pefloxacin

**Category:** Anti bacterial  
**Composition:** Each Tablet contains Pefloxacin 400mg  
**Indications:** It is an anti-bacterial, active against both gram positive and gram negative bacteria, mycoplasma infections of cattle, sheep, poultry, pigs.  
**Pack Size :** 20 x 10's

### Sulphadiazine & Trimethoprim

**Category:** Anti-bacterial  
**Composition:** Each Bolus contains Sulphadiazine 1000mg Trimethoprim 200mg  
**Indications:** It is an anti-bacterial, used for respiratory tract and wound infections on cattle, sheep, poultry.  
**Pack Size :** 20 x 4's

### Sulphadimidine

**Category:** Anti-bacterial  
**Composition:** Each Bolus contains Sulphadimidine 5000mg  
**Indications:** it is an anti-bacterial, used for the treatment of bacterial, protozoal and certain rickettsial organisms in sheep, goat, cattle, calves, poultry and pigs.  
**Pack Size :** 10 x 4's

### Triclabendazole

**Category:** Anthelmintic

**Composition:** Each Tablet/Bolus contains

Triclabendazole 250mg; 900mg

**Indications:** It is an anthelmintic, used for the treatment of flukicide, endoparasites, liver flukes on cattle, sheep, goats.

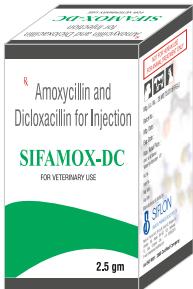

**Pack Size :** 10 x 10's, 20 x 4's

## INJECTIONS

### Amoxycillin Sodium & Dicloxacillin Sodium Inj.

**Category :** Antibiotic  
**Composition :** Each ml Contains  
Amoxycillin Sodium 250 mg ; 1250mg  
Dicloxacillin Sodium 250 mg ; 1250mg

**Indications :** It is an antibiotic used for the treatment of bacterial infections in Sheep, Dogs & Cats.  
**Pack Size :** 30ml, 50ml, 100ml

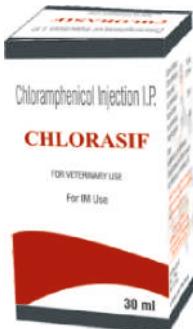

### Ceftriaxone Sodium Inj.

**Category :** Antibacterial  
**Composition :** Each vial contains  
Ceftriaxone Sodium I.P  
Equal to Anhydrous Ceftriaxone 4gm; 500mg

**Indications :** It is a cephalosporin antibiotic, to treat certain bacterial infections in cattle, buffalo, sheep & goat.  
**Pack Size :** 0.5gm ; 4gm

### Chloramphenicol Inj.

**Category :** Antibacterial  
**Composition :** Each ml Contains  
Chloramphenicol I.P 150mg

**Indications :** It is an antibiotic used for the treatment of bacterial infections in Sheep, Cattle, Horses, Cats & Dogs.  
**Pack Size :** 30ml, 50ml, 100ml

### Ciprofloxacin Inj.

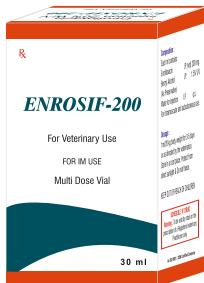

**Category :** Antibacterial  
**Composition :** Each ml Contains  
Ciprofloxacin Lactate I.P  
Equal to Ciprofloxacin 100mg

**Indications :** It is an antibacterial used for the treatment of lower respiratory tract, gastro – intestinal and urinary track infections in cattle, sheep & poultry.  
**Pack Size :** 30ml, 50ml, 100ml

## INJECTIONS

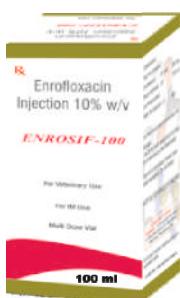

### Enrofloxacin Inj.

**Category :** Anti-bacterial  
**Composition :** Each ml contains Enrofloxacin 10mg; 200mg

**Indications :** It is an anti-bacterial, for the treatment of mycoplasma infections and bactericidal diseases on Cattle, Goat, Sheep & Poultry.  
**Pack Size :** 15ml, 50ml, 100ml

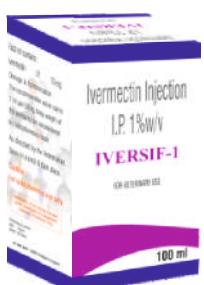

### Enrofloxacin Inj. 10% w/v

**Category :** Anti-bacterial  
**Composition :** Each ml contains Enrofloxacin 10mg; 100mg

**Indications :** It is an antibacterial, for the treatment of mycoplasma infections and bactericidal diseases on Cattle, Goat, Sheep & Poultry.  
**Pack Size :** 15ml, 50ml, 100ml

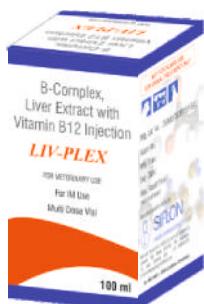

### Ivermectin Inj. I.P. 1% w/v

**Category :** Anthelmintic  
**Composition :** Each ml contains Ivermectin I.P 10mg

**Indications :** It is an anthelmintic, acts as an antiparasitic agent for gastrointestinal and pulmonary round worms on Cattle, Sheep, Goats, Poultry, Pigs & Dogs.  
**Pack Size :** 1ml, 10ml, 50ml, 100ml

### B-Complex, Liver Extract with Vitmain B12 Inj.

**Composition :** Each ml Contians :  
Thiamine Hydrochloride I.P. 25 mg  
Riboflavin Sodium Phosphate IP 1.5 mg  
Pyridoxine Hydrochloride IP 5 mg  
Niacinamide IP 50 mg  
Cyanocobalamin IP 50 mcg  
Choline Chloride 25 mg.

**Pack Size :** 30 ml, 50 ml, 100 ml.

## INJECTIONS

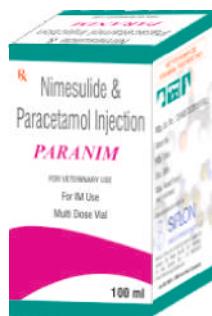

### Meloxicam & Paracetamol Inj.(Vet)

**Category :** Analgesic and antipyretic  
**Composition :** Each ml contains  
Meloxicam I.P 5mg  
Paracetamol I.P 20mg

**Indications :** It is a pain reliever and antipyretic, for the treatment of pain and fever in cattle, sheep, pigs & horses.  
**Pack Size :** 30ml, 50ml, 100ml

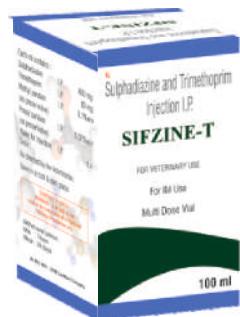

### Nimesulide & Paracetamol Inj.

**Category :** Analgesic and antipyretic  
**Composition :** Each ml contains  
Nimesulide B.P 100mg  
Paracetamol I.P 150mg

**Indications :** It is a pain reliever and antipyretic for the treatment of pain and fever in cattle, sheep, large animals and dogs.  
**Pack Size :** 30ml, 50ml, 100ml

### Sulphadiazine and Trimethoprim Inj. I.P.

**Category :** Anti-bacterial  
**Composition :** Each bolus contains  
Sulphadizine 400mg ; 200mg  
Trimethoprim 80mg ; 40mg

**Indications :** It is antibacterial, used for respiratory track and wound infections on Cattle, Sheep, poultry.  
**Pack Size :** 30ml, 50ml, 100ml

### Levofloxacin Hemihydrate 100 mg

**Category :** Antibacterial  
**Composition :** Each ml contains  
Levofloxacin Hemihydrate I.P 100mg

**Indications :** It is an antibacterial, that works by stopping the growth of bacteria in cattle, buffalo, sheep & goat.  
**Pack Size :** 30ml, 50ml, 100ml

## INJECTIONS

### Nimesulide Inj. 10% w/v

**Category :** Anti inflammatory

**Composition :** Each ml contains  
Nimesulide I.P 100mg

**Indications :** It is nonsteroidal anti inflammatory drug, to reduce the pain and inflammation associated with osteoarthritis in sheep, cattle, large animals & dogs.

**Pack Size :** 30ml, 50ml, 100ml

### Tylosin Inj. I.P. (vet) 20% w/v

**Composition :** Each ml contains

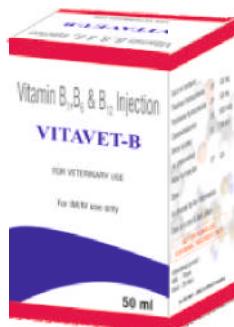

Tylosin Tartarate I.P

Equal to Tylosin 200mg ; 100mg ; 50mg

**Indications :** It is a macrolide antibiotic, to treat bacterial infections in cats, dogs, cattle, poultry..,etc

**Pack Size :** 30ml, 50ml, 100ml

### Vitamin B<sub>1</sub>, B<sub>6</sub> & B<sub>12</sub> Inj.

**Composition :** Each ml contains :

Thiamine Hydrochloride I.P. 50 mg

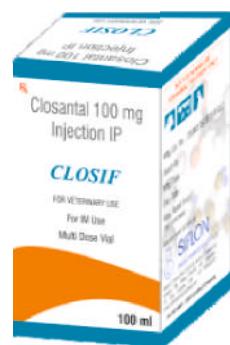

Pyridoxine Hydrochloride I.P. 50 mg

Cyanocobalamin I.P. 500 mcg

Benzyl Alcohol I.P. 1.5% v/v

**Pack Size :** 30 ml, 50 ml, 100 ml

### Closantel 100 mg Inj. IP

**Category :** Anthelmintic

**Composition :** Each ml contains  
Closantel I.P 100mg

**Indications :** It is an anthelmintic, for the treatment of flukes, round worms and myiasis on cattle, sheep & Goats.

**Pack Size :** 30ml, 50ml, 100ml

## INJECTIONS

### Closantel 125 Ivermectin 5 mg Inj. IP

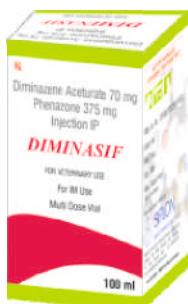

**Category :** Anthelmintic

**Composition :** Each ml contains  
Closantel I.P 125mg  
Ivermectin I.P 5mg

**Indications :** It is an anthelmintic, for the treatment of gastrointestinal and pulmonary roundworms, myiasis on cattle, sheep, goats, poultry, pigs & dogs.

**Pack Size :** 30ml, 50ml, 100ml

### Diminazene Aceturate 70 mg Phenazone 375 mg Inj IP

**Category :** Anti - infective

**Composition :** Each ml contains  
Diminazine Aceturate I.P 70mg  
Phenazone I.P 375mg

**Indications :** It is anti – infective, which is effective against protozoa such as Babesia, Trypanosoma and Cytauxzoon and some bacteria in livestock and cattle.

**Pack Size :** 30ml, 50ml, 100ml

### Ofloxacin 30 mg Inj. IP

**Category :** Antibacterial

**Composition :** Each ml contains  
Ofloxacin 100mg

**Indications :** It is an antibacterial, used for bacterial, mycobacterial infections, respiratory diseases, gastro-intestinal and urinary-tract infections on Cattle, Goat, Sheep, Fowl & Pigs

**Pack Size :** 30ml, 50ml, 100ml

### Meloxicam 5 mg Inj. IP

**Category :** Anti inflammatory

**Composition :** Each ml contains  
Meloxicam I.P 5mg; 20mg

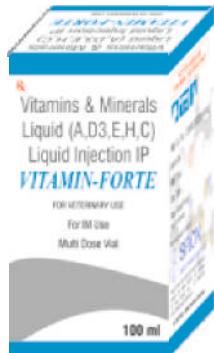

**Indications :** It is a non – steroidal anti inflammatory drug, to treat osteoarthritis and postoperative pain in cats, dogs, cattle, sheep, pigs & horses.

**Pack Size :** 30ml, 50ml, 100ml

## INJECTIONS

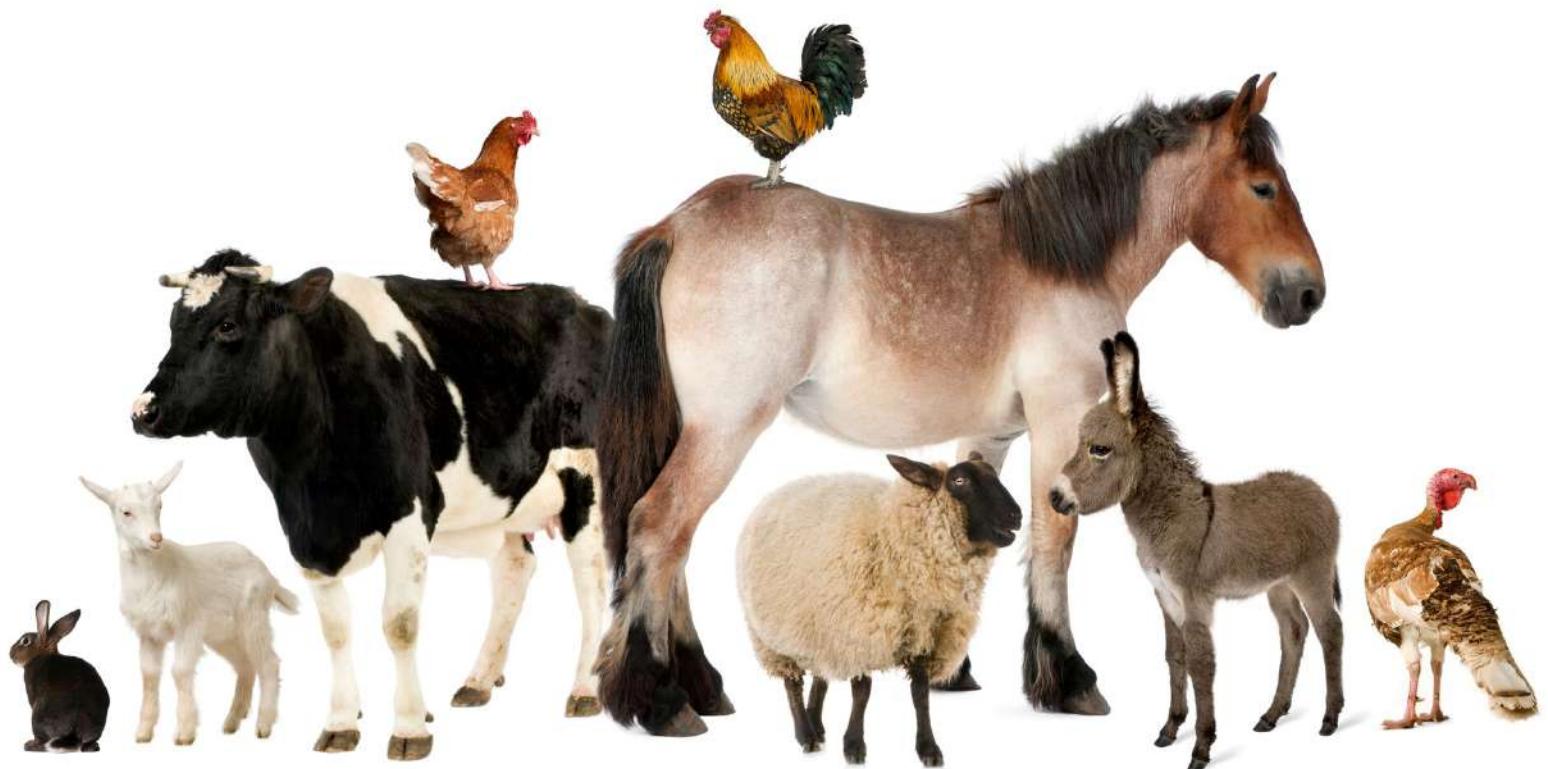

### Vitamins & Minerals Liquid (A, D3,E,H,C) Liquid Inj. IP

**Composition :** Each ml contains :  
Vitamin A, Vitamin H  
Vitamin D3, Vitamin C  
Vitamin E

**Pack Size** 30 ml, 50 ml, 100 ml

## DRY POWDERS

### Albendazole

**Category:** Anthelmintic

**Composition:** Each gm contains

Albendazole 50mg

**Indications:**

It is an intestinal anthelmintic, for the treatment of roundworms, tapeworms and liver flukes on cattle, buffaloes, sheep, goats, pig & poultry.

**Pack Size :** 300gm

### Ciprofloxacin

**Category:** Anti-bacterial

**Composition:** Each gm contains

Ciprofloxacin 100mg

**Indications:**

It is an anti-bacterial, used against gram positive and gram negative bacterial infections, respiratory tract infections on cattle, sheep and poultry.

**Pack Size :** 100gm

### Ciprofloxacin & Tinidazole

**Category:** Anti-bacterial

**Composition:** Each gm contains

Ciprofloxacin 100mg

Tinidazole 120mg

**Indications:**

It is an anti-bacterial, for the treatment of respiratory tract, gastro-intestinal, urogenital tract infections in cattle, sheep poultry.

**Pack Size :** 100gm

### Doxycycline & Neomycin

**Category:** Anti-bacterial

**Composition:** Each gm contains

Doxycycline 100mg

Neomycin 100mg

**Indications:**

It is an anti-bacterial, used for respiratory, gastro-intestinal and fungal infections on Cattle, goat , Sheep and poultry

**Pack Size :** 100gm

## DRY POWDERS

### Fenbendazole

**Category:** Anthelmintic  
**Composition:** Each gm contains Fenbendazole 250mg  
**Indications:** It is an anthelmintic, for the treatment of gastrointestinal nematodes, tapeworms, lung worms, amphistomes & liver flukes on cattle, buffaloes, sheep, goats & pigs  
**Pack Size :** 120gm

### Levamisole HCl

**Category:** Anthelmintic  
**Composition:** Each gm contains Levamisole HCl 300mg  
**Indications:** It is an anthelmentic, used for the treatment of nematode infections, dewormer, gastrointestinal tract infections in cattle, goat, sheep, poultry, pigs and dogs.  
**Pack Size :** 100gm, 500gm, 1000gm

### Niclosamide

**Category:** Anthelmintic  
**Composition:** Each gm contains Niclosamide 750mg  
**Indications:** It is an anthelmintic, active against tapeworms and intestinal flukes, tapeworms in sheep, goat, cattle, poultry.  
**Pack Size :** 100gm

### Norfloxacin

**Category:** Anti-bacterial  
**Composition:** Each gm contains Norfloxacin 100mg  
**Indications:** It is an antibacterial, for respiratory tract infections, skin & tissue infections, urogenital tract infections, gastrointestinal tract infections on sheep and poultry.  
**Pack Size :** 100gm

## DRY POWDERS

### Ofloxacin

**Category:** Anti-bacterial  
**Composition:** Each gm contains Ofloxacin 100mg  
**Indications:** It is an anti-bacterial, used for bacterial, mycobacterial infections, respiratory diseases, gastro-intestinal and urinary-tract infections on Cattle, goat , Sheep, fowl, pigs.  
**Pack Size :** 100gm

### Oxyclozanide & Levamisole HCl

**Category:** Anthelmintic  
**Composition:** Each gm contains Oxyclozanide 333.33mg LevamisoleHCl 166.67mg  
**Indications:** It is an anthelmintic, treatment of gastrointestinal and lungworm infections in cattle, calves, sheep and goats.  
**Pack Size :** 6gm, 50gm, 100gm

### Oxytetracycline HCl & Neomycin

**Category:** Anti-bacterial  
**Composition:** Each gm contains OxytetracyclineHCl 50mg Neomycin 50mg  
**Indications:** It is an anti-bacterial, used for respiratory, gastro-intestinal, urinary-tract infections and protozoal infections on Cattle, goat , Sheep and poultry.  
**Pack Size :** 100gm

### Sulphamethoxazole & Trimethoprim

**Category:** Anti-bacterial  
**Composition:** Each gm contains Sulphamethoxazole 100 mg Trimethoprim 20 mg  
**Indications:** It is an anti-bacterial, for the treatment of bacterial, respiratory infections & enteritis on sheep, goat and cattle.  
**Pack Size :** 100gm

### Tetracycline HCl

**Category:**

**Composition:** Anti-bacterial

Each gm contains

Tetracycline HCl 50 mg, 112 mg

**Indications:** It is an anti-bacterial, for the treatment of respiratory, gastro-intestinal, genital and urinary tract infections in cattle, sheep & poultry.

**Pack Size :** 100gm

## FEED SUPPLEMENTS

### Calsif-D

<b>Category:</b>	Calcium, Vitamins & Minerals supplement
<b>Active Ingredients:</b>	Calcium, Phosphorus, Vitamin-D <sub>3</sub> , B <sub>12</sub> & Carbohydrates.
<b>Indications:</b>	Improves milk production, helps in formation of strong bones and growth stimulation.
<b>Volume :</b>	500ml, 1000ml, 5000ml.

### Calsif-D Gold

<b>Category:</b>	Calcium, Vitamins & Minerals supplement with Herbal Extracts
<b>Active Ingredients:</b>	Active Ingredients: Calcium, Phosphorus, Vitamin-D <sub>3</sub> , B <sub>12</sub> , Magnesium sulphate, Zinc sulphate, Manganese Sulphate, Jeevanthi & Satavari.
<b>Indications:</b>	Improves milk production, prevents milk fever, helps in formation of strong bones and growth stimulation, better feed comsumption.
<b>Volume :</b>	500ml, 1000ml, 5000ml.

### Livosif

<b>Category:</b>	Vitamins & Protein supplement with Liver Extract
<b>Active Ingredients:</b>	Vitamin- B <sub>1</sub> , B <sub>12</sub> , DL-Methionine, Tricholine citrate, Soya protein Hydrolysate & Liver Extract.
<b>Indications:</b>	Improves better Liver and Kidney functions, better feed consumption, Increases weight in broilers and egg production in layers.
<b>Volume :</b>	500ml, 1000ml, 5000ml.

### Liv-Plex

<b>Category:</b>	Category : Vitamins & Iron supplement with Liver Extract
<b>Active Ingredients:</b>	Vitamin- B <sub>1</sub> , B <sub>2</sub> , Nicotinamide, Nicotinic acid, Calcium Lactate, Ferrous Sulphate, Ferrous Gluconate & Liver Extract
<b>Indications:</b>	Improves better Liver and Kidney functions, Protects liver from aflotoxins, Increases weight in broilers and egg production in layers.
<b>Volume :</b>	500ml, 1000ml, 5000ml.

## FEED SUPPLEMENTS

### Sifplex-B

**Category:**

**Active Ingredients:**

Vitamins & Minerals supplement

Vitamin- B<sub>2</sub>, B<sub>6</sub>, B<sub>12</sub>, Nicotinamide, Calcium Pantothenate, L- lysine HCl, D-Methoinine, Choline Chloride, Zinc, Copper, Cobalt.

**Indications:**

Improves milk production, appetite & Immune system, Regulates Fat, Protein, Carbohydrate and Amino-acid metabolism.

**Volume :**

500ml, 1000ml, 5000ml.

### Minacid

**Category:**

**Active Ingredients:**

Minerals with Amino-acids

Cobalt, Copper, Zinc, Manganese, Magnesium, Sulphur, Potassium, Iron, DL-Methionine, L-lysine Mono HCl, Calcium, Phosphorus.

**Indications:**

Improves growth & better productivity, Improves fertility substantially by keeping proper mineral balance in the body.

**Pack Size :**

1000gm.

### Vitamin Forte

**Category:**

**Active Ingredients:**

Vitamins & Minerals supplement

Vitamin- B<sub>2</sub>, B<sub>6</sub>, B<sub>12</sub>, Nicotinamide, Calcium Pantothenate, L- lysine HCl, Zinc, Copper, Cobalt, DL-Methionine, Choline Chloride.,

**Indications:**

Improves milk production and fat content in milk, Improves growth rate & fertility

1000gm.

### Milk Flow

**Category :**

Vitamins & Minerals Supplement

**Indications :**

Increases milk production, improve growth rate and immunity

**Pack Size :**

500ml, 1L, 5L

### Sifferrol

**Category :** Malt based vitamins & minerals supplement

**Indications :** Increases milk production, improves growth rate, appetite and immune system

**Pack Size :** 450 Gms
